## What makes us different?

Intuitive user experience

---

## Neat user interface

When it comes to design, less is more. We want you to find what you need at once, prioritizing both seamless accessibility and protection of your data.

## Streamlined software and services

The cybersecurity landscape changes every day, and so do we — by constantly improving our code, providing better support, and clear communication.

## Safer by design

Security is the backbone of our company. That's why NordPass is built on zero-knowledge architecture, and we voluntarily undergo independent audits.
